

Price List Ireland

Introduction

The Lexus Charging Network rates are governed by the maximum charging speed, for which a fast charging speed usually also implies higher costs.

Lexus Charging Network differentiates the following charging speeds:

AC – alternating current (normal charging)
DC – direct current (fast charging)
HPC – high power charging (ultra-fast charging)

The maximum charging power capacity of each charging station can be found on the Lexus Charging Network website and the Lexus Link+ app.

Please note that the transaction units for charging in public areas may vary due to regulatory requirements in the individual European countries. A transaction is differentiated in terms of kWh, time (min.), or by charging event. All prices are individually based on charge point operators. A variable tariff applies with regard to the individual charging process. The prices depend on respective charge point operators. For charging abroad (= e-roaming), you will always pay the local sales rate without any additional fees.

Lexus Charging Network

The rates that apply to an individual charging event at the respective charging station can be found in the Lexus Link+ App and are subject to change. Please familiarise yourself with the applicable rates before commencing the charging event.

Tariff: Go

Domestic charging fees

For drivers who need access to public charging few times per year, when going on your holiday or longer weekend trips. Sit back and charge your electrified Lexus easily in one of the largest charging networks in Europe. Enjoy your flexibility without a monthly fee and only pay what you charge and when you charge.

Base fee	0.00 EUR / month
Tariff activation fee	9.95 EUR
AC charging ¹⁾	Prices may vary depending on the operator of the charging station. Please check prices before charging. Applicable prices will be provided before charging on the map, within the App or on the web-page. Session fee: 0.59 EUR

All prices include VAT

1) In some cases the operator-specific price components may encompass an additional session fee.

2) The charging service contract runs for an indefinite period of time and can be terminated by the customer at any time from the reference date of the contract, with a notice period of no more than one month.

Charging Event Transaction

The invoicing of varying fees for charging is based on the appropriate tariff per minute (per commenced minute), per kWh or per charging event. The charging event starts if the vehicle is connected to the charging station and ends when it is disconnected. You can also recharge for free using the Lexus Charging Network service at free charging stations.

All rates incl. VAT, subject to changes and errors.
